

IMPORTANT DROUGHT AND RATE NOTICE

We all share a limited amount of water. When too many people use it at once, it becomes more expensive and harder to make sure everyone has enough. **Using water wisely helps protect this shared resource**, especially during times like these.

This is notification of the restrictions to be placed on our community this year due to the moderate to severe drought conditions. Snowpack and reservoir levels remaining significantly below seasonal average, the following restrictions will be **effective immediately**. As part of our water restrictions, the District may implement surcharges to encourage conservation due to drought conditions affecting the region.

LAWN IRRIGATION

- ◆ Single-family residential are limited to two (2) days per week
 - Addresses ending in **EVEN** numbers can irrigate **Sunday and Thursday**
 - Addresses ending in **ODD** numbers can irrigate **Wednesday and Saturday**
- ◆ Multifamily, Commercial, HOA Property can irrigate **Tuesday and Friday**
- ◆ **WATERING TIMES** – ONLY allowed before 10 a.m. or after 6 p.m on your assigned day(s)

NEW LANDSCAPING

Installation for all new sod and/or seed are required to submit a variance form located on the District website – www.wrwdistrict.com

HARD SURFACES PROHIBITIONS

Washing of driveways, sidewalks and patios is prohibited

💧 TIPS TO CONSERVE WATER 💧

- Run dishwasher and washing machine when you have a full load.
- Turn off the water while you wash your face and brush your teeth.
- Fix leaks promptly such as dripping faucets, toilets, irrigation lines and old sprinkler heads.
- Install low flow water features and replace appliances with energy-efficient models.
- Cutting shower time from 10 to 5 minutes.
- Landscaping changes using Xeriscaping techniques.
